

Coffee Cartoons

Cartoonist Sheila Hollingworth has created an original range of cards and fridge magnets that take a humorous look at the world of coffee. Here are just a few of the cartoons that are available:

A.

I love mine complex, pungent + wild, with a wonderful creamy body + sophisticated bitterness.

Your espresso or your men?

B. Regular Brain Barista Brain

C.

Some people love their coffee strong!

I started on espresso but I soon found ristretto, + even doppio ristretto, just weren't enough.

That's when I discovered intravenato - now that's what I call strong!

Greeting Cards

Black & white cards with colour-trimmed envelopes (approx. size ~12 x 17cm)

AND

Fridge Magnets

Black on coloured (pale blue, cream, yellow) or white plastic (approx. dimensions 5.5 x 8.5 cm)

D.

How Baristas Introduce People

Latté, I'd like you to meet Macchiato and Long Black.

E.

I'm always a sucker for a liquid-silky, creamy body with some complexity and lively acidity.

Your coffee or your women?

F.

Great Espresso Art

His early work was impressive but personally I love his latter work.

G.

Can you get me some of the hard stuff?

Whaddya need? Long Black or a strong latté perhaps?

H.

I credit coffee with my amazing love life! Let's face it - inviting a guy in for a hot chocolate just doesn't have the same effect!
